i5™ Technology Group
Exceptional quality. Infinite value.

CAPABILITIES STATEMENT

SDVOSB | SBA Certified 8 (a) | SBA Certified WOSB
Maryland MBE | Maryland DBE | Maryland VSBE | Maryland SBE

CORE COMPETENCIES

At our core we are application development, collaboration, and workflow automation experts with specializations across several Microsoft platforms. As a trusted Microsoft AI Cloud Partner, we transform toolsets within M365, SharePoint Online, and the entire Power Platform into customized data and modern teamwork solutions, tailored to fit our customers' specific needs. We are subject matter experts that leverage Microsoft Technologies to improve and accelerate business outcomes through the modernization of mission-critical applications, streamlining business solutions with process automation, and managing complex projects that drive informed decision-making. i5 Technology Group evaluates your environment to maximize the use of existing IT investments, fostering informed recommendations that help organizations build scalable IT infrastructures through strategic purchases and upgrades.

∞ Data Migration & Information Architecture

On Premises to Cloud Migration | AI-assisted Data Management | Information Architecture | Governance & Best Practices
